## **Job Tracker: Your Ultimate Job Hunt Organizer**

 **Drowning in job applications?** You're not alone. In today's competitive job market, candidates send out **dozens, even hundreds of applications** just to land a few interviews. With so many emails, follow-ups, and status updates, it's easy to **lose track** of where you've applied, which companies responded, and when you need to follow up.

 **Enter Job Tracker – the tool that keeps your job search organized and stress-free.**

Instead of digging through old emails, spreadsheets, and sticky notes, Job Tracker provides a **centralized dashboard** to:

- ✓ **Log every application** with company, salary, location, and position details
- ✓ **Track progress** from "Applied" → "Interviewing" → "Offer"
- ✓ **Get timely reminders** to follow up so you never miss an opportunity
- ✓ **Filter and search easily**, helping you focus on the right opportunities

 **No more chaos. No more missed chances.** Whether you're a fresh graduate sending out **hundreds of applications** or a seasoned professional managing **multiple job offers**, Job Tracker **keeps your job hunt efficient, structured, and stress-free.**
